

OUR 42ND YEARS BIAFRAN INDEPENDENT ANNIVERSARY DISRUPTED.

On 29th may 2009, we got a security report that our leader of biafra national guard and Biafra shadow government defense minister in the name of Gen. Innocent N. Orji have been arrested and apprehended by the of policemen of Okpoko community divisional command. He is now transferred to the special Anti-robbery squad at Awkuzu Anambra state through the aid of one of the pro-Biafran groups leader who is working hand in hand with Nigerian police force because of leaderships power tussle and struggles for supremacy. Now our mission and target of establishing implementing of Biafra shadow government is now boycotted, disrupted, unfulfilled and unaccomplished. So we are calling all the Biafran freedom fighters at home and diaspora, leaders of the free world, U.N,A.U, E.U, O.A.S, VATICAN GOVERNMENT, HUMAN RIGHTS INTERNATIONAL ORGANISATION, etc, to arise and intervene in order to secure his release urgently so that he Innocent Orji will not be killed by Nigeria police and Armies as they used to do. Even now I myself and my fellow freedom fighters /activists in Biafraland are not safe. Our lives are at danger and at risks. Now every Biafran streets and territories are now filled with Nigerian Armies and mopols searching and shooting us. Thanks, MAY GOD BLESS BIAFRA AND ALL THE FRIENDS OF BIAFRA.

Signed:

Mazi G.S.A. Okoro
