Dear Rosalee:

CENTER FOR WORLD INDIGENOUS STUDIES. I am partially motivated to get these materials to you so you will be able to seriously ~~Sensitize the center~~ ~~as needed~~ ~~to read~~ ~~your research~~ ~~in association with~~ the Center.

I have enclosed for your information the following pieces:

1. About the Center This is a brief outline describing the Center, its founding board and board of directors.
2. FOURTH WORLD PAPERS This is a print and reprint list of current materials the Center can make available from "disk" files and duplications for the cost of reproduction and postage.
3. CWIS NOTES This is a periodic "newsletter" I send to Board Members and other interested persons.

I, of course, have more detailed materials, but, for this mailing these materials should be helpful to you. The Center currently has a part-time Administrator (Karen Whalen) working out of our office in Snoqualmie. An Indian fellow from Puerto Rico (Louis Mangual) is now working with the Center as a Fellow on Indigenous Religions. He is working to organize an international Elders' Conference in 1986. I am functioning as correspondent and Senior Fellow with the Center supported by the Quinault Indian Nation.

Please let me know if you can serve as the Center's Research Associate as soon as possible. I hope Sol will agree to lone you in this capacity occassionally.

Warm regards,

Enclosures.
