Dear Bren:

I want to thank NCAI for its payment on reimbursements owed me and the transferr of that payment to my personal account. Unfortunately I didn't receive a notice from your office showing the exact amount and nature of this payment. For my own records it would be helpful to have such a statement (from the check stub?).

I will shortly be submitting a full invoice indicating the services I rendered to NCAI during the period of August 16 through October 15 1983. I will reflect the payment earlier recieved. The delay in my sending a final invoice is associated with the need to include all consulting related expenses which can be tallied only after I receive my telephone bill which covers the period just prior to the Annual NCAI convention. I want to put all copies of receipts together an not leave some still pending. In any case, I shall be sending my invoice as quickly as possible.

Bren, I realize you have a great deal of work to do, but, I would still like to have copies of all receipts I submitted to your office from May through August. I need's these for my records.

I hope this letter finds you and NCAI well. I especially hope NCAI has received its contributions from the Ford Foundation and DOE. I would hate to think our work over the last several months to secure these funds was unsuccessful. I hope you all are successful in the development of more proposals to support NCAI's efforts.

Regards,

RUDOLPH C. RYSER
