Room 1850
United Nations
New York, N.Y. 10017

Dear Ms. Saurwein:

The World Council of Indigenous Peoples is re-submitting the Documents Checklist request form as requested by your office. Please note that we are requesting that documents be sent to our Secretariat in Lethbridge, CANADA and to our newly established Institute for World Indigenous Research in Lynnwood, U.S.A. Both addresses appear on the request form. We are requesting that materials sent to both addresses be sent in English, French and Spanish.

We were advised that the UN Documents Center has moved and that in the process of moving our request of January 1981 was probably misplaced making this new request necessary. If you require any further information regarding our documents request please address your correspondence to Mr. Rudolph C. Ryser, Director Institute for World Indigenous Research, c/o/ 728 212th Place South West, Lynnwood, Washington. 98036 U.S.A. All other inquiries please address the Secretariat in Lethbridge.

Sincerely,

RUDOLPH C. RYSER
