CAMPAIGN BRIEF

MR. FOLEY AND KOREAN CONNECTION: A FOREIGN EXCHANGE FOR FOLEY'S HELP

- In September 1977 the Federal Grand Jury indicts Tong Sun Park including a list of 42 specific overt acts committed by Park. Three of those acts involved Mr. Foley: (on page #7 overt act #12) Mr. Park contributed \$500 to Congressman Tom Foley -- (on page #8 overt act #16) Mr. Park drafted a letter for Tom Foley's signature addressed to the President of the Republic of Korea, Chung Hee Park. (on pages 9 and 20 overt act #26 Mr. Park caused Mr. Foley to call the Executive Branch of the U.S. Government
- The indictments concern events as far back as 1971.
- September 1977 Mr. Foley admits to making telephone call to Executive Branch

September 1977 Assistant U.S. Attorney General Civiletti initiates telephone call to press in Spokane to say "wrongdoing (of Mr. Foley) should not be inferred."

There is a widespread coverup within the Congress and the Executive shielding Mr. Foley from public scrutiny. It is neither proper or normal for a U.S. Attorney to call the press to cover a Congressman during a pending indictment.

A California Congressman is being thoroughly investigated for receiving funds from Mr. Park. Mr. Foley is being let off without a question.
