Congressman Foley Reports Complete Voting Record

Dear Friend:

My complete voting record for the First Session of the 95th Congress is listed in this newsletter being mailed to all residents of the Fifth District.

The American people, in my judgment, want to be better informed about what their government is doing and this newsletter is an attempt to provide detailed information about the accomplishments of Congress during the 1977 calendar year as well as my participation in those actions.

Listed here are all 706 issues that were voted on during the First Session of the 95th Congress. Included are issues large and small, amendments, and procedural matters. A brief description of each issue and my recorded vote is listed.

All members of Congress are authorized to send periodic newsletters to their constituents. The voting record is reprinted from the February 1, 1978, Congressional Record.

It is my very sincere belief that the people have a right to know where I stand on the issues that come before the House of Representatives for consideration.

Thomas S. Foley
Member of Congress
